A P P E N D I X I:

Substitute ABSTRACT OF THE DISCLOSURE:

A composition which comprises

a) at least one sulfonylurea of the formula I

wherein the radicals R¹ to R⁵ and the index n are as defined in the specification, or an environmentally compatible salt of the sulfonylurea, and

b) at least one herbicidal compound selected from groups b₁ to b₄₁ as defined in the specification, or an environmentally compatible salt of the herbicidal compound,

and which exhibits a synergistic herbicidal effect.
